

# CONNECT, CHAT & FEEL LESS ALONE

Loneliness  
Week

## Try Our Friendly Online Community

Using our own devices and accounts, we'll show you how we use **Slack** as a simple, private social space

### You can:

-  Chat with others
-  Join friendly group conversations
-  Share photos, thoughts and updates
-  Try video calls and online meet-ups
-  See how easy it is to stay connected from home

### No pressure. No commitment

Just come along, have a look & try it for yourself. If you enjoy it we can help you get set up afterwards and provide support and guidance
